## One Man Killed and Three Injured in C. & O. Wreck

HEAVY FOG RESPONSIBLE FOR COLLISION AT PAINTSVILLE LAST SATURDAY.

A heavy fog was responsible for a wreck which occurred near the C. & O. depot at Paintsville last Saturday morning at 6 o'clock, when freight engine No. 528, in charge of Engineer Walter Walker, and shifter engine No. 323, in charge of Engineer Wm. Arthur, collided, and in which Shadrach Preston, aged 28, married, Offutt, brakeman, was killed, and S. B. Eggleston, brakeman, and extra conductor, Richard Gillespie, conductor, and J. W. Lee, brakeman, Ashland, were injured.

First aid was rendered by Dr. Evans, of Van Lear, and Dr. David Osborne, of Whitehouse, and the injured men were placed on No. 37, the morning train from Pikeville, and Dr. G. W. Wooten, C. & O. surgeon at Louisa, was wired by Supt. Allen to meet the train at this point and go with the men to the C. & O. hospital at Huntington.

Accompanied by Dr. Ira Wellman, Dr. Wooten boarded the train at 9:30 and took charge of the injured men, rendering such services as were possible on the way to the hospital. At Big Sandy Junction the train was met by a special train to which the patients and the physicians were transferred. At Huntington the party was met by automobile ambulance and taken to the company hospital, where Dr. Enslow, hospital surgeon, assumed charge.

Eggleston and Lee were standing up on one of the engines when the collision occurred and were caught between the seat and the firebox. Both men were suffering internally, and both were thought to be seriously, if not fatally, hurt. Eggleston was the worse injured of the two and was given him before he could be examined. Late reports from them say that they are doing well and will recover.

Gillespie's nose had been split nearly in two and his whole face more or less badly cut and bruised. At the time of the collision he was breaking ice, and the force of the impact threw him violently to the floor of the car, where he was found insensible. He is now going about and doing very well.

Preston was sitting on the rear of the tender when the two came together and was instantly killed. He was a young fellow and had been married only two weeks.

Eggleston was from Lexington and is 35 years old and married. It is said that his father, also a conductor, was killed in a wreck about three years ago.

**Dig Channel in Ohio River From Ashland to Ironton**

LOW WATER PREVENTED D. T. & I. ENTERING ASHLAND AS PLANNED.

Owing to the low stage of the Ohio river, the D. T. & I., which recently made arrangements with the A. C. & I. for the use of their tracks in Ashland and their transfer boat, was unable to make their entrance into Ashland as planned.

The service will be inaugurated, however, in a week or ten days, when a channel which is being dug in the bed from the A. C. & I. docks on the side of the river to the D. T. & I. siding near the Ironton iron furnace on the other side is complete.

The work on the channel has been retarded. The present channel will be dredged about six feet—a sufficient depth, it is believed, to permit the transfer boat running throughout the winter season.

## THANKSGIVING SERVICES.

Union Thanksgiving services will be held on Thursday evening, Nov. 26th, beginning at 6:30 o'clock. The sermon will be preached by the Rev. A. M. Dial, pastor of the Christian Church. There will be the usual programme of song, scripture reading and prayer which will be participated in by the various ministers of the city.

We as citizens of the United States have much to be thankful for at this particular time, and therefore should not be slack in voicing our gratitude to the Father of all mercies.

## A HAPPY REUNION.

Mr. and Mrs. A. M. Hughes and children Saturday went to Huntington where they attended a reunion of Mr. Hughes' father and his children and grand children and great-grand children, four generations being represented. All the descendants of the venerable patriot, now nearly 80 years of age, were present except Mrs. Mary Elsie Daniel, of Philadelphia, and she was represented by a beautiful boy, a son by a former marriage. The children presented the father and grand sire with a beautiful loving cup, out of which they drank cider to the health and happiness of their aged relative.

## Two Appellate Judges Disqualified Under Law

NUNN AND HANNAH DECLINE TO SIT IN WORKMEN'S COMPENSATION ACT CASE.

Frankfort, Ky., Nov. 17.—Judges C. S. Nunn and J. B. Hannah, of the Court of Appeals, declined to sit in the workmen's compensation case, pending on the question of the constitutionality of the act, and Gov. McCreary will appoint two special judges to sit in the case.

Judge Nunn said he was interested in some flour spar mines in Western Kentucky, and Judge Hannah is stockholder in a sawmill company in Eastern Kentucky, the employees of which are affected by the workmen's compensation act. The law provides that where a judge is interested in the outcome of a case he shall not sit in it.

It is believed it will not be necessary to argue the case over again, if the attorneys in the case are satisfied to have it submitted on the briefs, as a full bench heard the oral arguments, and five of the Judges, who will sit in the case, were present.

## RABBITS.

Rabbits may be bought, sold or shipped, but packages containing their bodies or parts thereof must be clearly marked, giving contents of package and name and address of shipper. Unlawful to kill rabbits with a gun from September 15 to November 15, but may be killed or captured in any other way.

## M. E. CHURCH.

First Quarterly meeting Saturday and Sunday, Nov. 21-22. Business session Saturday, 6:30 p. m. Services Sunday morning and evening by the District Superintendent, Rev. C. B. Plummer.

A cordial invitation is extended to all to attend. Special music. Other services as usual. H. E. TRENT, Pastor.

## Farmers' Institute Was Held in Louisa This Week

LITTLE INTEREST SHOWN BY THE PEOPLE GENERALLY IN THIS MEETING.

The Lawrence County Farmers' Institute was opened in the court house on last Monday morning, with the following instructors: J. F. Adair, of Millersburg, Ky., W. H. Clayton, of Hebron, Ky., H. B. Hendrick, Lexington, Ky., and Miss Ruby Buckman, of the Kentucky Experiment Station, Lexington. The forenoon was taken up in a sort of round table discussion on fruit growing, which was participated in by several. In the afternoon the attendance was largely increased, many ladies being interested listeners. The time was occupied by Mr. Hendrick, who spoke of soils, Miss Buckman, who was instructive in her talk concerning home making, and Mr. Adair, who knows much about poultry and can tell what he knows. Mr. Adair spoke again at night, using the stereopticon to illustrate his lecture.

On Tuesday morning Mr. Hendrick discussed soil and crops, and Mr. Carmody, who, with Prof. Matthews, had come to look over the situation, spoke in his usual interesting way concerning fruit growing. In the afternoon Mr. Clayton spoke of fruit of various kinds. Miss Buckman discussed the subject of textile fabrics. Mr. Hendrick judged the corn, of which seven samples had been offered, and Mr. Kealey, County Agent, addressed the institute. The corn shown by Jay Post was declared to be the best of the seven samples. The largest yield per acre was reported by Gode Green, of Blaine, 84 bushels.

What Mr. Kealey said in his short speech to the institute was to the point, interesting and practical, and deserved more attention than the NEWS can give this week. He is doing a most excellent work for the farmers of Lawrence county and is appreciated by the progressive people of the soil. He desires the NEWS to say to the boys of the corn club that they should continue the work of selecting samples of their production and have them ready for show in the near future.

The interest shown by the people generally in the institute was not what it should have been, and the NEWS doubts if the people who should attend in large numbers will ever take the time to give much attention to what the State is trying so hard to do for them. They offer various excuses for their remissness in the matter, none of which is valid.

## Silver Tea to be Held on Friday Evening, Nov. 20

PLEASANT AFFAIR ARRANGED BY THE LADIES OF THE M. E. CHURCH SOUTH.

If you have a desire for information and want to add to your stock of knowledge you will be sure to go to the home of Rev. and Mrs. B. M. Keith tomorrow (Friday) evening and learn how silver tea is made. There will be several of Louisville's best cooks present to show you the process, which you will find to be very simple, and its simplicity is surpassed only by its effectiveness. It consists merely in separating the visitor from whatever silver he may have about him and transferring it to the treasury of the M. E. Church South. After the tea is "steeped" long enough the contributors to the festivities are comforted with various and sundry concoctions and contraptions. Music will also be evoked from various throats and strings. On the whole you will find the paragon a very pleasant place to visit at the time aforesaid, and your presence is cordially invited.

## \$135,000,000 COTTON LOAN FUND HAS BEEN COMPLETED.

Washington, Nov. 17.—A country-wide effort to furnish aid to cotton producers and find a bottom for the cotton market came to a successful conclusion tonight when Secretary of the Treasury McAdoo announced the completion of the \$135,000,000 cotton loan fund. In making the announcement Secretary McAdoo declared the success of the plan is now assured.

## RECENT MARRIAGES.

Clathorne Steele, of Brushy, aged 60, married Miss Lizzie Justice, aged 27. The marriage occurred Nov. 18, in the County Clerk's office, the Rev. M. A. Hay officiating.

On Nov. 9th, H. H. Wiseman, aged 34, married Miss Cora M. Parker, 48, of Proctorville, O., Rev. Hay officiating. On the same day, by the same, Ollie Garred, 15, to Boyd Thompson, 35. Both these parties are from West Virginia.

## BOARD OF SUPERVISORS.

At the November term of the County Court the following were appointed a Board of Supervisors: W. A. Copley, S. F. Reynolds, M. M. Burgess, Green Smith, Felix Adams. They will begin their setting on the first Monday in January, 1915.

## ONE KILLED AND OTHERS INJURED IN FLOYD COUNTY.

Last Saturday seemed to be an unlucky day in Floyd county. On Middle Creek Lee Whitaker cut and severely wounded Harris Miller with a knife that day. Miller will recover. Whitaker was released on \$1000 bond. A Mr. Moore shot and wounded a Mr. Williams with a pistol on Little Mud Creek the same day.—Prestonsburg Post.

## CARD OF THANKS.

In God's name we wish to express our heartfelt thanks to the many good people who visited us and ministered to our wants in every way during the illness and death of our wife and mother. We pray a special blessing upon Bro. Keith and his church and my Sunday School class taught by Prof. Kennison for their help and assistance during all the time.

G. W. Skaggs and Family.

## MEETING WAS NOT HELD.

The Rev. Mr. Holcomb, who was expected to come to Louisa and conduct a revival meeting at the Baptist Church, could not obtain the consent of his church to be away so long and the meeting has been indefinitely postponed. Mr. Hamilton and his church, and the public as well, are much disappointed because of the postponement.

## Samples of Kentucky Coal Requested by Mine Bureau

TESTS WILL BE MADE BY THE BUREAU OF MINES IN PITTSBURGH LABORATORIES.

Cannel City, Ky., Nov. 16.—The Bureau of Mines has requested the Kentucky Black Cannel Coal Company to send samples of cannel coal to their laboratories in Pittsburgh for experimental purposes. They are making experiments in regard to the volatile matter contained in various coals from all parts of the United States.

These investigations when completed will be issued in the form of a report and will be of great value to the mining industry in this country.

## MORGAN COUNTY NEWS.

Cannel City, Nov. 15.—The hunting season opens today and although it is Sunday, a number will take advantage of the first day of the open season. The prospects are good for hunting, as there are a lot of birds and rabbits in this vicinity. Small boys have been busy catching opossums but squirrels are scarce.

Several farmers and residents of Cannel City took advantage of the few cold days to kill hogs. Hogs are cheaper this year than last, selling at 6 1/2 and 7 cents a pound.

The corn crop around Cannel City is better than usual this year. A big part of the crop has been shucked and cribbed. The new corn is selling for 75 cents a bushel, although some has been sold in carload lots for 55 and 60 cents.

Although the potato crop is almost a complete failure, there is an unusually fine crop of sweet potatoes. They are very plentiful, large, sweet and cheap.

## SHOT NEAR KAVANAUGH.

On last Saturday afternoon, near Kavanaugh, a boy named Ishmael Harris was accidentally shot in the leg by another lad. He received eight shot. It is not known whether the injured boy was mistaken for a rabbit or a case of didn't know it was loaded.

## FIRE DESTROYS DORMITORY SETTLEMENT SCHOOL.

Fire destroyed the girls' cottage at the W. C. T. U. Settlement School at Hindman, Knott county. All contents, including the piano, were destroyed, and the loss will be heavy.

## LOCK AND DAM.

The Middle fork of Kentucky river is to be harnessed at Booneville by a Government lock and dam, thus making the stream navigable to the Owsley county capital.

## Estill County Oil Well Shows Up Under Test

PRODUCES 17 BARRELS IN 24 HOURS—OTHER WELLS TO BE PUMPED.

The oil well on the Hillis Bros. lease is proving right up to the predictions made when the well was completed. After the oil which had accumulated in the well over night had been pumped out, a two gallon bucket was used for a test. Several buckets were filled and timed, which proved that the well was actually producing 30 gallons an hour, which tallies up a fraction over 17 barrels of 42 gallons, in 24 hours.

On the lease of the Maple Oil Co., a tank has been built and permanent pumping machinery is being installed which will soon start the operation of several wells.

Hillis Bros. have started drilling on well No. 10, which they will sink to a greater depth for what is known as a second sand, and which they estimate to strike at 650, or about 400 feet below the first sand strata where the present oil is found.—Irvine Tribune.

## Death Summons Answered By Well Known Louisian

MRS. G. W. SKAGGS DIES AFTER LONG ILLNESS CAUSED BY ABDOMINAL CANCER.

Mrs. G. W. Skaggs, wife of attorney G. W. Skaggs, of this city, died at her home on Lock avenue on the night of Thursday last, Nov. 12th. Interment was made in Falkerson cemetery, following appropriate services conducted at her late home by her pastor, the Rev. B. M. Keith, of the M. E. Church South.

Mrs. Skaggs had been ill for many months, suffering from abdominal cancer of a malignant type, and death came as an angel of mercy to her relief.

The following biographical sketch will interest her many relatives and friends:

Elizabeth Lamira Phillips Skaggs was born in Lawrence county, Ky., on the 15th day of January, 1855; was married to Greenville W. Skaggs on the 20th day of April, 1872. They then settled down on a little farm in Johnson county, Ky.; lived there about twelve years, during which time six children were born to them—three boys and three girls—Celesta Wilson Skaggs was born Feb. 8, 1873; Laura Belle was born June 25, 1874; Tildon Fonzo was born Oct. 12, 1876; Stella May was born Dec. 29, 1878; Della Virgie was born June 3, 1881; Arrabi Breckenridge was born Sept. 10, 1883, and died Sept. 17, 1884, and was buried in the Skaggs family graveyard in Johnson county, Ky. Stella May Skaggs Kazee died in Portsmouth, O., Oct. 4, 1912, and was buried in the Greenlawn cemetery there.

Elizabeth Lamira Skaggs with her husband and children moved from their farm to the town of Blaine, Ky., and lived there a few years and moved from that place to Louisa, Ky., on the 17th day of December, 1887, and lived there with her family until her death, which was on the 12th day of November, 1914. She leaves a husband and four children surviving her. She was a dutiful wife and mother. She died in the triumph of faith in Jesus.

## FATALLY BURNED.

Miss Nellie Gaines, a nurse of Louisville, who was visiting relatives at Paintsville, was fatally burned about the face and body Friday morning by the explosion of gasoline, with which she was cleaning some clothing. She was taken to Ashland, where she died the following day.

## Octogenarian Pays the Debt That All Must Pay

MR. JAMES K. RICE, AGED 84, DIES AT HIS HOME AT FALLSBURG.

On Saturday morning last at an early hour Mr. James K. Rice, aged 84 years, died at his home at Fallsburg after a long illness caused by weight of years and physical infirmity. He is survived by a widow, who is his second wife, and eleven grown children—eight sons and three daughters, all by his first wife. The funeral on Monday was very largely attended. After appropriate services conducted by Rev. R. F. Rice and H. B. Hewlett, the body was carried to its last earthly resting place, a beautiful spot near the Fallsburg-Fallers road, about midway between the two places, where it was interred.

James K. Rice was a very prominent character in Lawrence county and in its history. There are but few men of middle or mature age in the county who do not know him personally or by reputation. His name was a synonym of honesty and hospitality. While it was not until a few years ago that he became a landed proprietor he was, in the vernacular of the section, a "rent liver"; that is, he always had plenty and dispensed his hospitality with a generous hand. He was genial and kindly in manner, liked by everybody who enjoyed his acquaintance.

"Uncle Jim" was a consistent Southern Methodist, sober and industrious, a man of intelligence, a good husband and father, upright citizen and good neighbor. His memory will long be cherished.

## COURT OF APPEALS DOCKET.

Pond Creek Coal Co. v Runyon, Pike; affirmed, on both original and cross-appeals.

Fugate, &c., v Johnson, &c., Knott; reversed.

Thompson v Stone, Lawrence; motion for oral argument overruled.

Louisa Coal Co. v Hammond's Adm. Lawrence; petition for rehearing by appellee with notice in each case filed and submitted.

## NOT MANY SALES MADE.

There was but little done in the way of selling live stock in this city on Monday last. The previous pleasant weather had suddenly turned very cold, with a hard wind blowing, and this may have chilled the interest of those who otherwise might have been traders. The streets were full of horsemen, who showed off the various gaits of their high and low steppers and bantered for bargaining, but this was about all.

## CARD OF THANKS.

Through the columns of the Big Sandy News we wish to extend our thanks to our many friends who so kindly ministered unto us during the illness and death of our loving husband and father, John Queen. The kindness shown us during the hours of our deepest sorrow and bereavement will never be forgotten. May the blessings of God rest upon you all.

JANE QUEEN AND FAMILY.

## THIS IS THE FOURTH.

Mr. and Mrs. Thos. Vaughan, of Catlettsburg, are rejoicing over the arrival of a nine pound son, born Saturday morning. This is the fourth son to this household, and baby Joe French is being given a great reception.—Ashland Independent.

## REAL ESTATE SOLD.

Walker Mayo and Fred Walker, of Floyd county, recently sold to E. E. Shannon, of this city, the residence property on Pike street, near the freight depot. It was occupied by Mr. Mayo during his stay in Louisa. The reported purchase price is \$1,100.

## ROWAN IS WIDE OPEN.

The stock law was defeated in Rowan county, every precinct in the county casting a majority against it. The old cow can now rattle her bell on the highway with no one to molest her or make her owner afraid.

## Judge Pryor, Former Justice of Appellate Court, is 'Dead'

PASSES AWAY AT HIS HOME IN NEW CASTLE AT THE AGE OF 89 YEARS.

Surrounded by members of his family, Judge William Samuel Pryor, for twenty-five years a member of the Kentucky Court of Appeals, part of which time he served as Chief Justice, died Monday morning near New Castle, Henry county, within sight of the home in which he was born eighty-nine years ago. He was considered one of the nation's most brilliant jurists while at the heights of his career, and was one of the best known men in Kentucky.

Judge Pryor's death was due to infirmities incident to age. His decline during the last few months was rapid. Up to within a week ago he kept abreast of the times through the newspapers.

## THE STORY OF FIRING ON UNITED STATES SHIP.

London, Nov. 18.—A dispatch to the Exchange Telegraph from Athens says "A launch from the United States cruiser Tennessee which was entering the Gulf of Smyrna to arrange for the cruiser to come into Smyrna harbor was fired upon by the forts and compelled to return to the Tennessee."

"The commander of the Tennessee, Capt. B. C. Decker, informed the 'fall' that he had orders from his government to enter the harbor of Smyrna and had decided to do so."

It is believed here that, since Capt. Decker has general orders from the Washington government to protect Americans in Turkey, he must have heard of impending perils for his countrymen in Smyrna, or, perhaps of actual outrages already committed.

There are numerous American missions in this district on the Turco-Asiatic coast, with Smyrna as the center, and it is possible that some of these have been mobbed by Mohammedan zealots.

## FIRE IN CATLETTSBURG.

A cottage on West Main street owned by Miss Rebecca Wellman, and occupied by a family by the name of Darnell, was totally destroyed by fire Tuesday. Before the arrival of the fire company the flames had gained considerable headway. All the household furniture was burned. An insurance was carried on the cottage.—Independent.

## BROKE HIS SHOULDER.

On Saturday last Cox Carter, of Ellen, fell into a saw pit at Dave Berry's on Rich Creek, and broke his right shoulder. This is a bad accident for Mr. Carter, one which will lay him up for some time.

## ENTERTAINED WITH ROOK.

On Wednesday evening Mrs. D. C. Spencer entertained very handsomely with Rook in honor of her visitor, Mrs. B. L. Keith. There were twelve guests, who, at the end of the games, were served with a delicious salad course.

## THE SEASON IS OPEN.

The open season for game opened Monday very pleasantly for the hunter but decidedly uncomfortably for the hunter. Whistling, Bob and fussy Molly got it right and left and are fewer by many score than they were Sunday.

## DR. McCORMACK SUED.

Acting upon the direction of the last General Assembly Attorney General Garnett has brought suit against Dr. J. N. McCormack, of Bowling Green, to recover \$18,379.49 alleged to have been paid out illegally by him while secretary of the State Board of Health during a period of nearly thirty years.

## VITAL FORCE

Disease germs are on every hand. They are in the very air we breathe. A system "run down" is a prey for them. One must have vital force to withstand them. Vital force depends on digestion—on whether or not food nourishes—on the quality of blood coursing through the body.

## DR. PIERCE'S Golden Medical Discovery

Strengthens the weak stomach. Gives good digestion. Enlivens the sluggish liver. Feeds the starved nerves. Again full health and strength return. A general upbuilding enables the heart to pump like an engine running in oil. The vital force is once more established to full power. Year in and year out for over forty years this great health-restoring remedy has been spreading throughout the entire world—because of its ability to make the sick well and the weak strong. Don't despair of "being your old self again." Give this vegetable remedy a trial—Today—Now. You will soon feel "like new again." Sold in liquid or tablet form by Druggists or trial box for 50c by mail. Write Dr. R. V. Pierce, Buffalo, N.Y.

Dr. Pierce's great 1008 page "Medical Adviser," cloth-bound, sent for 31 one-cent stamps.

## NEWS OF GENERAL INTEREST FROM THE WORLD AT LARGE.

## THURSDAY.

The Germans captured Dixmude by storm and farther south crossed the Yser-Ypres canal, and west of Langemark captured the first line of the Allies' position, according to the Berlin official report. Altogether 2,500 prisoners and fifteen machine guns were captured, it is stated. Other successes are reported on the French line, of which the Paris report issued last night has little to say. Behind Dixmude is the direct road to Dunkirk, one of the French ports upon which the Germans have set their heart.

Premier Asquith declared in the House of Commons that he doubted whether the war would last as long as some have originally predicted, but that it would last long was certain. The Premier said there would be asked a vote of credit of considerable dimensions Monday and an additional vote for men. Viscount Bryce referred appreciatively to public opinion in the United States. He said there could be no talk of peace at present.

The British torpedo gunboat Niger has been added to the list of those sunk by German submarines. The Niger was torpedoed in the Downs and foundered, but all her officers and crew were saved.

According to Petrograd reports Germans lost 20,000 prisoners on the East Prussian border. The Russian advance in Poland has astonished military experts, having been fourteen miles daily for eighteen days. Austria threatens to cross the Serbian border and crush Serbia before Russia can come to her assistance.

The war stamp tax may fall upon all transactions of building the loan associations, and thus increase the collections of the War Revenue Bill several million.

## FRIDAY.

A critical stage in West Flanders has been reached, and decisive results are expected in days, if not hours, by European agencies. The Germans claim to have advanced in the region of Ypres, capturing 700 French soldiers and several guns, and say the eastern bank of the Yser as far as the sea is now clean. The French report claims the Germans were repulsed in an attempt to debouch from Dixmude.

The Governor of Bosnia has addressed a proclamation to the Austrian army declaring the Serbians must be defeated before winter.

Ecuador and Colombia have been warned by Great Britain and France in emphatic terms that the Allies will not countenance further violations of neutrality by these South American States. The two nations are alleged to have aided the German vessels in the Pacific. There is a steady flow of re-

cruits to Kitchener's army, which is approaching the 2,000,000 mark. Lord Roberts is going to the front in French.

Passengers on the Ventura, which left Sunday, October 24, report that 25,000 Australian troops, conveyed by fourteen cruisers, sailed under cover of night for a destination supposed to be Egypt.

Commissioner of Agriculture J. W. Newman ordered his officers removed from Frankfurt to Louisville to fight the cattle plague. He quarantined Henry county, gave notice that no public cattle sales shall be held and said hunting would be prohibited if the disease was not soon checked. Vigorous protests against the recent Government order that sound livestock in infected herds should be spared were made yesterday by Chicago men interested in the eradication of foot and mouth disease.

A check for \$3,000,000 was received yesterday by the American Committee from wealthy Belgians to be used in relieving the conditions in Belgium. The American Committee has appealed to all organizations in the United States to continue the work, which will last several months.

Gen. Villa is converging his army at Losas, south of Aguascalientes, and the Carranza army is stationed not far from there at Quereteco. A decisive conflict is expected soon. President Wilson has decided to wait for more settled conditions before ordering the evacuation of Vera Cruz.

The Navy Department received direct cables from the cruisers North Carolina and Tennessee. Both vessels are safe in the Mediterranean, neither stuck a mine and marines were not landed at Beirut, as had been published in Paris and cabled to the United States.

President Wilson yesterday cut short an interview with a group of negroes on the segregation of Federal employees, and informed them that they would have to get another spokesman if they came again.

## SATURDAY.

It is officially announced that the Russians have occupied Tarnopol, Jastopol and Krasna in Galicia. The Russians are pushing vigorously to a great turning movement in East Prussia. They are engaged with the Germans along a wide curve of 150 miles from Staluponen through to Goldap and Kruckanken.

In West Flanders the Germans have been driven from Dixmude. It is reported that their efforts to break down the British resistance have failed. The fighting there was tenacious, and the losses to both sides are reported heavy.

A White Paper issued by England says the Government will ask Parliament for \$1,125,000,000 additional for war purposes and that the regular

army will be brought up to 2,186,000 men, not including 600,000 territorial.

Monday, November 23, has been definitely set as the date for the evacuation of Vera Cruz by American troops. In a statement last night Secretary Bryan said as both Carranza and the Aguascalientes convention have promised all guarantees there is no need of keeping the soldiers in Mexico any longer.

Acting upon the direction of the last General Assembly Attorney General Gannett has brought suit against Dr. J. N. McCormack, of Bowling Green, to recover \$18,379.49 alleged to have been paid out illegally by him while secretary of the State Board of Health during a period of nearly thirty years.

Permission to ship from Kentucky large consignments of cattle purchased before the State was quarantined on account of the foot-mouth disease, was declined by Government officers yesterday, pending completion of the investigation.

The body of Henry Allen, who was under indictment in Muhlenberg county for conspiracy, was found hanging from a tree near his home at Hillside. His hands were tied behind him. The work of "possum hunters" is suspected.

Although no definite action has been taken yet by Secretary Bryan it is probable that a point agreement will be entered into by the United States and South America republics in regard to the observance of neutrality.

An international clearing house to settle the credit and debit balances of all nations is a sure outcome of the present war, according to an address made yesterday before the Investment Bankers' Convention.

Some trouble is being experienced in raising the \$135,000,000 cotton loan fund. The Boston and Philadelphia bankers still display some reluctance at entering into the plan.

The enormous advances that the United States have made in the last half century are shown in a report issued by the Bureau of Commerce yesterday.

The world's three big cotton exchanges, New York, New Orleans and Liverpool, will open for unrestricted trading Monday morning at 10 o'clock.

Kentucky delegates are taking a conspicuous part in the proceedings of the United Daughters of the Confederacy at Savannah, Ga.

## SUNDAY.

Field Marshal Earl Roberts, England's great soldier, died of pneumonia yesterday in France. As Colonel in Chief of the Indian troops, the Field Marshal has gone to France to give them his greeting. Soon after his arrival he became ill. He was 82 years of age and had participated in nine wars. The announcement of his death was conveyed in a dispatch from Field Marshal Sir John French to Earl Kitchener.

The battle of Flanders, begun four weeks ago to further the German attempt to advance to Dunkirk and Calais, finds the two armies occupying virtually the same positions they held at the beginning. The French report issued last night claims that from the North Sea to Lille the Allies repulsed all attacks yesterday. The American losses were heavy. The American Ambassador in France, Myron T. Herrick, has been authorized to visit camps where German prisoners are detained in French territory.

The Russians, continuing their enveloping movement around East Prussia, have entered Rybin, west of Soldau, almost surrounding Emperor William's northwestern province. It is reported that the Germans have decided to make a stand behind the Warta River, in Russian Poland.

The Audacious, third in armament and tonnage of the English warships, went down October 27 either through striking a German mine or being hit by a torpedo. The entire crew of the battleship was saved by the White Star liner Olympic. News of the disaster was kept secret in England, but reached New York yesterday by mail.

"Hillside Week" was inaugurated in Louisville today with appropriate sermons in all churches. Campaigns in twenty-three other cities will be opened within the next three weeks.

Commissioner of Agriculture J. W. Newman yesterday issued an order partly lifting the quarantine by the shipment of horses from other States after thorough inspection.

Gov. McCreary has offered a reward of \$200 for the arrest of the persons who hanged Henry Allen in Muhlenberg county. The county will offer a similar reward.

Complete disinfection of the Chicago stockyards has been finished and everything is in readiness for the reopening at midnight tonight.

## MONDAY.

Battlefields in France and Belgium are getting their full share of wind and rain and on the seas heavy gales rage. For the most part the opposing armies have been content to shell each other at long range, but around Ypres the Germans have made several attacks at close range, which according to the French official report, have been repulsed with heavy losses. Extensive defense works have been erected along the Yser. The Germans are turning Belgium into a fortress, which is interpreted to mean, if they do not succeed in advancing they intend to winter in Belgium. The coast from Ostend to the Dutch border has been placed in a state of defense.

BLUE BELLS.

BUT HUSBAND, WITH AID OF CARDUI, EFFECTS HER DELIVERANCE.

Draper, N. C.—Mrs. Helen Dalton, of this place, says: "I suffered for years, often almost smothered to death.

Medicines patched me up for awhile but then I would get worse again. Finally, my husband decided he wanted me to try Cardui, the woman's tonic, so he bought me a bottle and I began using it. It did me more good than all the medicines I had taken.

I have induced many of my friends to try Cardui, and they all say they have been benefited by its use. There never has been, and never will be, a medicine to compare with Cardui. I believe it is a good medicine for all womanly troubles."

For over 50 years, Cardui has been relieving woman's sufferings and building weak women up to health and strength.

If you are a woman, give it a fair trial. It should surely help you, as it has a million others.

Get a bottle of Cardui to-day.

## Will Organize 'Boys' Pig Clubs in Kentucky

AGENT DESIRES TO BEGIN ENROLLMENT NOT LATER THAN JANUARY.

A new feature that has recently been added to the extension service of the College of Agriculture at Lexington Kentucky, is the work of organizing pig clubs among the boys and girls of the State. This work is being conducted in cooperation with the Bureau of Animal Industry, U. S. Department of Agriculture, they having placed one of their agents in Kentucky to organize the club. This agent wishes to begin enrollment not later than January.

The corn clubs done excellent work but it is hoped that the importance of feeding all crops to live stock on the home farm may be emphasized in this pig club work, and it would be well if all members of corn clubs would enlist in this endeavor to improve the number and quality of swine in Kentucky, and at the same time learn how to make more rapid and economical gains in swine feeding.

## Objects of the Work.

The object of forming pig clubs among the boys may be briefly stated as follows:

1. To stimulate an interest in swine production and teach the boys how to raise better and cheaper hogs by the use of improved blood and the growing of forage crops.
2. To increase the number of hogs raised on the farm in order that the meat for the home and that required to feed the extra farm labor may be produced instead of being bought.
3. To complement the work of the boys corn clubs by showing the boys how they can profitably sell their corn through hogs.
4. To encourage the home curing of meat on the farm.
5. To teach the boys how to judge hogs and to select them for breeding or market purposes.
6. To encourage the growing of forage crops and discourage the use of high-priced feeds.
7. To instruct the boys in a practical way in the management, feeding, sanitation, and prevention of diseases of swine, all of which information proves valuable with respect to other forms of live stock work.
8. To give the boys a means of earning some money for themselves while at home.
9. To instill in the boys while young a love of animals which will result in their taking more interest in farm life, and to furnish them at the same time some work which will in a practical way give an insight into the business of farm-life and settle in them a desire to struggle for and attain success.

## Rules and Regulations.

1. Any boy between the ages of 10 and 18 years may become a member.
2. Each boy must secure at least one pig if he becomes a member of the club.
3. Each member must care for his stock in person, and keep a record of the feed given and the pasture grazed. He must record the weight of each pig when it came into his possession and at stated intervals, so as to determine the gains. The date of farrowing should also be recorded.
4. Record blanks, which will be furnished, should be filled out and certified by two disinterested persons.
5. Each member must have owned and kept a record of his pig for at least four months in order to compete for a prize.
6. The members of the club must agree to study the instructions of the United States Department of Agriculture.
7. Each member must, whenever possible, show at least one pig at the county exhibit, and the winners of the county exhibit must show their pigs at the State fair.

## WEST VIRGINIA ITEMS OF NEWS.

To Roanoke by Wagon.

Sunday morning a party, consisting of five persons, two wagons, seven horses and two or three dogs, drove into town. They started from Okla-homa state the 21st of August, covering a distance of approximately 2,100 miles in something over two months, making the entire journey by wagon. They party departed for Roanoke, Va., where they expect to make their winter quarters. Barbourville Budget.

Cabell County Apple Crop.

That the apple crop in Cabell county is forty per cent better than it was last year, and that the apple crop is better by fifty per cent than ever before in the history of the county was stated by County Commissioner Clark. These statements were borne out by other farmers. The apples are being harvested and sent to cold storage. Two thousand barrels have been shipped from One alone. Barbourville Budget.

Some Potatoes.

Charles Sexton, a prominent farmer of One, W. Va., has all potato records broken. He planted one bushel of seed potatoes, and from the one bushel raised thirty-five. The potatoes are of the very best quality, ranging from the size of a man's fist to as large as a quart measure.

Recount Wanted On Clerkship.

The local republican leaders have asked for and been granted a recount of the ballots cast in the recent election as to the contest between Charles H. Miller, democrat, and John M. Perry, republican, for the office of County Clerk. On the face of the official returns Miller received a majority of 135.

## BIG BOMBAGO

### with a small trial

#### St. Jacob's Oil.

Can't straighten sudden pains, sharp aches? Now listen! St. Jacob's Oil, and you'll get relief the rub your back with soothing "St. Jacob's Oil." Takes out soreness, lameness so quickly. You it on your back and out pain. It is harmless and turns the skin.

Don't suffer! Get a bottle of old, honest "St. Jacob's Oil" from any drug store, and just once, you'll forget backache, lumbago, or cause any more misery. It is a disappointment and has been recommended for 60 years.

## FROM THE WEST.

Kalama, Wash., Nov. 11.—As the smoke of the hard-fought local option battle pulled off in Washington and Oregon on Nov. 3rd is partly cleared away, and as I am seated now in the red rim of the dawning light, I would like to say to my few surviving friends in Lawrence county that we have gained a glorious victory greatly to the credit of woman suffrage in this state.

Washington and Oregon voters on the expiration of saloons and decided to forbid the sale of alcoholic beverages in the future by a majority in Washington of 15,000 and in Oregon of 25,000 votes and we are happy and why not?

With my mind's eye I see that paternal George Washington looking down from his celestial home at the boys and girls in the great battle, and I would like to say to them that they are free from the gods of rum and mythology.

I would further love to say that the people of this state are enjoying the fruits of a bumper crop of most everything raised in this climate and wheat is selling at top prices and we have a record-breaking crop of it, and fruit give away. I am sorry to say the lumber trade is badly affected by the tariff and a great many of the mills are not running and the men are idle.

## TO MANY CHILDREN

### under-size, under-weight

Children need the rich medicinal content in Scott's Emulsion above all else; its pure cod liver oil cures their own blood-forming, flesh-forming, which quickly show in rosy better appetite, firm flesh and bones.

Children are languid, tired, catch cold easily or find it difficult, give them Scott's Emulsion the very food element their systems lack.

Emulsion contains no alcohol and for growing children it's a fit from them.

## STANDARD, W. VA.

I have lately become a subscriber to the NEWS and seeing so many good letters from so many places of my native home on Big Sandy, I could not keep from writing a few lines from this place. Standard is a mining town of about three or four hundred inhabitants, and is operated by the Standard Oil and Gas Coal Co., Mr. Walter Wood, general manager, and Mr. Gordon Wood, superintendent. Ed Foster is mine foreman.

We have a very nice Baptist Church here. It has been recently revived to some extent by a protracted meeting held by Rev. Roscoe Murray, of Ceredo. The church has lately called for their pastor for this year, Rev. J. B. Morris, of Nicholas. The church is well pleased with their new pastor.

We also have a good Sunday School with attendance of about sixty-five. Alfond Boyd is superintendent, Ed Foster, asst. supt., R. L. Rouns, sec., and Treas. We have offered for induction to the children of the Sunday School to the one who repeats the most Scripture verses each Sunday from now until Christmas will get an extra present on the Christmas tree.

## INDIGESTION ENDED, STOMACH FEELS FINE

"Pape's Diapiesin" fixes sour, gassy, upset stomachs in five minutes.

Sour, gassy, upset stomach, indigestion, heartburn, dyspepsia; when the food you eat ferments into gases and stubborn lumps; your head aches and you feel sick and miserable, that's when you realize the magic in Pape's Diapiesin. It makes all stomach misery vanish in five minutes.

If your stomach is in continuous revolt—if you can't get it regulated, please, for your sake, try Pape's Diapiesin. It's so needless to have a bad stomach—make your next meal a favorite food meal, then take a little Diapiesin. There will not be any disturbance without fear. It's because Pape's Diapiesin "really does" regulate weak, out-of-order stomachs that gives it its millions of sales annually.

Get a large fifty-cent case of Pape's Diapiesin from any drug store. It is the quickest, surest stomach relief and cure known. It acts almost like magic—it is a scientific, harmless and pleasant stomach preparation which truly belongs in every home.

## OBITUARY.

Margaret Judd, wife of John W. Judd, was born May 10, 1840, in New Garden, W. Va. She departed this life Nov. 10, 1914, aged 74 years and 6 months. She was converted about 45 years ago and lived a consistent Christian until the day of her death. She was a member of the Free Will Baptist Church. She leaves six children—three boys and three girls—and several grand children and relatives and friends to mourn her death. Her funeral was preached as she requested at her old home on Meads Branch by Revs. G. V. Pack and A. H. Miller, after which her body was laid to rest beside her husband in the Lige Judd graveyard.

A FRIEND.

cheer. Although the sorrows of life are many you have a little angel in Heaven, beckoning you to be faithful a few more days, then when the darker side of life is past, and you sweep through the pearly gates you can clasp the hand of your dear baby, never to part with her.

She is greatly missed and will be in the days to come by all who knew her. There is a vacancy in your hearts that never can be filled, and you would not call your dear child from her Heavenly resting place to this wicked and sin-scurled world if you could. But you cannot; she has gone from us; her parting was sad; 'twas hard to part with her, but the meeting will be sure and blissful at Jesus' feet.

Dear parents, God is with your darling in Heaven and with you here. So you will never be far apart. Do not weep, bereaved ones, but trust in God, for all is well.

Sleep on, sweet Alta, sleep; You've crossed the chilly tide; Safely nestled in your Savior's arms Over on the other side.

She was laid to rest in the family burying ground overlooking her home. Services were conducted by Rev. Harvey.

## A CHILD'S LAXATIVE IS "SYRUP OF FIGS"

Made from fruit—Can't harm tender stomach, liver and bowels.

When your child suffers from a cold don't wait; give the little stomach, liver and bowels a gentle, thorough cleansing at once. When cross, peevish, listless, pale, doesn't sleep, eat or act naturally, if breath is bad, stomach sour, give a teaspoonful of "California Syrup of Figs," and in a few hours all the clogged-up, constipated waste, sour bile and undigested food will gently move out of the bowels, and you have a well, playful child again.

If your child coughs, shuffles and has caught cold or is feverish or has a sore throat give a good dose of "California Syrup of Figs," to evacuate the bowels no difference what other treatment is given.

Sick children needn't be coaxed to take this harmless "fruit laxative." Millions of mothers keep it handy because they know its action on the stomach, liver and bowels is prompt and sure. They also know a little given today saves a sick child tomorrow.

Ask your druggist for a 50-cent bottle of "California Syrup of Figs," which contains directions for babies, children of all ages and for grown-ups plainly on the bottle. Beware of counterfeiters sold here. Get the genuine, made by "California Fig Syrup Co."

Margaret Judd, wife of John W. Judd, was born May 10, 1840, in New Garden, W. Va. She departed this life Nov. 10, 1914, aged 74 years and 6 months. She was converted about 45 years ago and lived a consistent Christian until the day of her death. She was a member of the Free Will Baptist Church. She leaves six children—three boys and three girls—and several grand children and relatives and friends to mourn her death. Her funeral was preached as she requested at her old home on Meads Branch by Revs. G. V. Pack and A. H. Miller, after which her body was laid to rest beside her husband in the Lige Judd graveyard.

A FRIEND.

## 10 CENT "CASCAREL" IS OUR LAXATIVE

For sick headache, sour stomach, sluggish liver and bowels.

Get a 10-cent box.

Put aside—just once—the Salts, Pills, Castor Oil or Purgative Waters which merely force a passageway through the bowels, but do not thoroughly cleanse, freshen and purify these drainage organs, and have no effect whatever upon the liver and stomach.

Keep your "insides" pure and fresh with Cascarels, which thoroughly cleanse the stomach, remove the undigested, sour food and foul gases, take the excess bile from the liver and carry out of the system all the constipated waste matter and poisons in the bowels.

A Cascarel tonight will make you feel great by morning. They work while you sleep—never gripe, sicken, and cost only 10 cents a box from your druggist. Millions of men and women take a Cascarel now and then and never have Headache, Biliousness, Severe Colds, Indigestion, Sour Stomach or Constipated Bowels. Cascarels belong in every household. Children just love to take them.

NEMO.

## THICK, GLOSSY HAIR FREE FROM DANDRUFF

Girls! Beautify your hair! Make it soft, fluffy and luxuriant.

Try as you will, after an application of Danderine, you cannot find a single trace of dandruff or falling hair, but your scalp will not itch, but what will please you most, will be after a few weeks' use, when you see new hair, fine and downy at first—yes—but really new hair—growing all over the scalp.

A little Danderine immediately doubles the beauty of your hair. No difference how dull, faded, brittle and scraggy, just moisten a cloth with Danderine and carefully draw it through your hair, taking one small strand at a time. The effect is immediate and amazing. Your hair will be light, fluffy and wavy, and have an appearance of abundance; an incomparable lustre, softness and luxuriance, the beauty and shimmer of true hair health.

Get a 25 cent bottle of Knowlton's Danderine from any drug store or toilet counter, and prove that your hair is as pretty and soft as any—that it has been neglected or injured by careless shampooing—that's all.

The States which went Democratic would have given an electoral majority of 47 for the Democratic ticket if it had been Presidential election. Not much in this fact for Republicans to crow over.

If exercise had anything to do with it most farmers would live to be a thousand years old.—Elizabethtown News.

You make a mistake in confounding hard work with exercise. Most farmers take very little of the latter. Their "exercise" is labor, drudgery of the very worst sort.

The new currency and financial system given to the United States by the Wilson administration was put into effect last Monday in each of the twelve districts into which the country has been divided. For fifty years the United States has operated under a most inefficient and obstructive system. Money panics were comparatively frequent and very destructive. Banks and the public lived in dread of these panics. They could be started by two or three men in New York, the center of the money power. Every bank was compelled to stand absolutely upon its own resources and when a scare was started in the country every bank stopped loaning and began collecting, for fear it would get caught short. This alone was sufficient to complete the work of stopping business.

It is all different now. The government has brought every National bank into one great body of twelve parts, and will buy a large portion of the good notes held by any of these banks at any time the banks may need to convert them into cash. The public now knows that banks can not fail for some of the reasons that formerly caused them to close, thus increasing confidence. Less money is tied in reserves than under the old law.

The new system will start conservatively and a few months will be required in which to get all of its powers into good working order.

SUBJECT: "The War in Europe."

- The Evil Effects of the War.
  - The Material Evils.
    - It will result in a great loss of life and the slaughtering of the best young manhood of Europe.
    - It will result in a great financial loss and will lay a vast burden of taxes to be paid by the coming generations.
    - It will result in great physical suffering.
  - The Spiritual Evils.
    - It will to a great extent destroy the influence in religious work among the heathen, because christian nations have resorted to the ways of barbarism, murder and edath in war. It will make the heathen think that christianity is only a veneer, which, when removed, reveals the primitive man in all his savagery, and that nineteen hundred years of preaching the gospel has done these nations but little good.
    - It is a blot on civilization and an outrage on humanity.
- The Good Effects of the War.
  - It will be the end of sultans, Kaisers, Czars, Emperors and all war lords and will result in a christian democracy.
  - It will result in a religious awakening in Europe.

SUBJECT: "What Could Be the Relation of the Church to the Negro of the South?"

- The church should help to build church houses for the country negro for the benefit of his spiritual life.
- The church should help to educate the negro because he is a voter, an American citizen who produces by his hands much of our food and our raw material for manufacturing purposes.
- The church should help to make the social life of the negro better, because the life of the black citizen touches the life of the white citizen when food is prepared, when clothes are laundered, when housecleaning is done, and when sickness or death comes into the homes of crime, filth and color line. Wherever the white race has been surrounded by a weaker race it has been degraded.

### FARMS FOR SALE.

OUR PURCHASE OF 7,000 ACRES AT A FORCED SALE

of rich, rolling land in Scioto county, Ohio, one of the richest counties in the State, has made it possible for you to be a farm owner, at one-half cost per acre of any other like property in West Virginia, Ohio or Kentucky.

#### HOW OUR LANDS ARE DIVIDED.

For five months we have had engineers dividing up our 7,000 acres of land. Our tract comprising approximately 1,000 acres—a very fine stock farm—and the balance is cut into tracts of as near 40 acres each as possible.

#### SOME of the MANY ADVANTAGES IN THIS NEIGHBORHOOD.

**GOOD NEIGHBORS:**—Every farm surrounding the property is highly improved, with good homes and barns, and the owners are kind, courteous, and neighborly.

**GOOD SCHOOLS:**—No child under the law is required to walk over 1½ miles. If school is farther away the School Board must provide teams to haul the children to school.

**GOOD CHURCHES:**—Of different denominations, located not farther than two miles from any part of our property.

**FINE ROADS:**—Well macadamized and on good grades. Fourteen miles from Bloom Street to the paved streets of Portsmouth, O., over a fine state pike.

**TWO RAILROADS:**—Baltimore & Ohio Railway and Detroit, Toledo & Ironton Railway run through the property.

No farm further than 2 miles from a railway station.

**BRICK, COAL AND LIMESTONE:**—Brick-yards, coal and limestone operations adjoining this property offer you employment close home during the idle farm season. Ask about the coal and limestone on this property.

**GRASSES:**—The soil is impregnated with lime and grass takes naturally, especially blue grass.

**COMMERCIAL CREAMERY:**—You can sell all of your milk to the Oak Hill Creamery every morning provided you deliver it at the railway station.

and you will get your check every two weeks.

**FRUIT RAISING:**—The Horticultural Department of the Agricultural College of the State of Ohio asserts that Scioto and Lawrence counties are the two best adapted counties in the state for apple raising. Ohio is the home of the Rome Beauty Apple.

#### A WORD TO TRAPPERS AND HUNTERS.

Don't kill the light fur animals till December. Then pelts will begin to be good. Then sell them to us; we are the largest dealers in Furs and Hides in Eastern Kentucky.

We only have 4 grades—No. 1, 2, 3, 4. Many houses have 12 grades. We give 50 per cent more than any shipper can get in bunch lots of \$100 or more. We ship direct to London sales; this knocks out the middle man profit. Write us for price list on furs. In far season we gladly answer. Send your pelts by parcels post. eW pay the expense. We return your money on the day we receive them.

We want veal calf hides, green, No. 1, 15 pounds. No. 2 Horse Hides \$4.50, No. 2 \$1.50 to \$2.50. We buy corn; we pay 50c bushel in groceries.

We pay 5c lb. for fat helters, half cash and half store. We pay cash for eggs. We buy the coffee that grows high in top of the trees, where bugs and germs of fever can't get in. We sell 5000 pounds every year of this good old reliable grandpa and grandma grades. There are about 14 different grades of coffee. We buy the right kind. Give us a call. We give full weight and measure.

#### A WHOLE ARMFUL.

It has been intimated to us that more than a thousand indictments were found against citizens of Pike county by the recent grand jury for "vote selling." What will be done with these alleged violators of the law, of course remains for a future court and a trial jury to determine. When you look the subject square in the face you can not refrain from exclaiming, "Shape."

The word "shape" can hardly express the contempt that high-minded, law-abiding citizens must feel here in Pike county.

That there is a determination upon the part of our court officials to put a stop to this vote selling practice in Pike county, there can be no further doubt, and it is earnestly hoped that they will have the help and support of every good citizen of the county in their effort to suppress this evil practice.—Pike County News.

#### HOW TO DETECT AND HANDLE FOOT AND MOUTH DISEASE.

##### Symptoms.

This disease begins with a very red and angry-looking sore between the two toes. This soon becomes ulcerated and then incrusts with dirt.

Drooling from the mouth follows. On lifting up the lips the mucous membrane will be found to be ulcerated in irregular lines, running often up into the nostrils.

The animal frequently smacks its lips.

There is a falling off in weight and in the amount of milk the animal gives.

##### Treatment.

Isolate at once the animals in which the disease appears and those that have been anywhere near them. Establish an absolute quarantine of the farm.

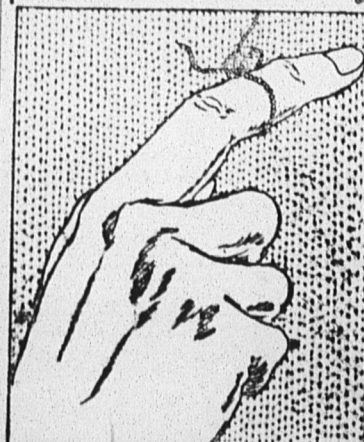

Do not go near or touch the cow unless you are wearing a rubber coat, rubber boots and rubber gloves. Disinfect these as soon as you leave with a 5 per cent solution of carbolic acid.

Communicate by telegraph or telephone with the proper authorities. If the disease is found the animal must be killed at once as well as those which have been exposed to it. The ones that have not contracted the disease may be used for food.

Everything that has been near the cow or may have been a possible source of infection must be disinfected.

## Timely Article About Foot and Mouth Disease

U. S. GOVERNMENT ISSUES BULLETIN ABOUT THIS MALADY AMONG LIVE STOCK.

The outbreak of foot and mouth disease has already affected an area so large that it is evident that most active measures are necessary to eradicate it. Cases have been found as far apart as Iowa and Massachusetts, and at the time of this writing (Nov. 19) thirteen states have been quarantined—Massachusetts, New York, Pennsylvania, Indiana, Illinois, Michigan, Ohio, Wisconsin, Maryland, Delaware, Iowa, New Jersey and Delaware. Interstate shipments of live stock from these states are absolutely prohibited, and such articles as hides, straw, hay, etc., must be thoroughly disinfected before they can be moved in interstate commerce. Both in virulence and in extent of area affected the present outbreak is more serious than any of the five previous ones which have occurred in the United States.

These previous outbreaks have not been sufficiently serious either to familiarize farmers with the symptoms of the disease or to render them fully alive to the losses that it occasions when permitted to gain a firm foothold. One of its most dangerous characteristics is its extreme contagiousness. Not only may it be conveyed directly from one animal to another, but it may be transported in fodder, picked up from the ground and carried over the country by cats and dogs, and chickens or live stock from the agency of man. Cases have already been found in which it seems certain that the disease was spread by the curiosity of farmers to inspect suffering animals. They returned from these visits to communicate the disease to their own previously healthy herds.

The contagiousness of the disease explains the action of the Federal authorities in quarantining such large areas. The practice on the State in which a case of the disease has been found, and then, by careful investigation, determine the exact area infected. When an animal suffering from foot and mouth disease is discovered in a herd the whole herd is at once slaughtered. Otherwise it would remain a dangerous source of infection and be a menace to the entire community. It is customary to appoint an appraiser

to value the herd. One-half of the appraised value is paid to the owner by the Federal Government and one-half by the State. The slaughtered animals are buried in a deep trench, their hides slashed to make it useless for anyone to dig them up again, and the carcasses are saturated with quicklime. In this manner, previous outbreaks have been completely stamped out and there is every reason to hope that this will be the case this year. The chief danger is that there may be infected herds whose existence is not reported to the proper authorities. Farmers are therefore urged, both for their own protection and as a duty to their neighbors, to report immediately all cases of suspicious sore mouths or lameness among their stock.

Foot and mouth disease affects chiefly cattle, sheep, goats and swine, but there are a number of other animals of less commercial importance which are also susceptible. Occasionally human beings are affected, but in the majority of instances the disease is not severe in the case of man. Children, however, may become dangerously ill if their milk is infected.

The first indications of the disease are a chill followed by a high fever, the temperature rising rapidly, sometimes to 106 degrees F. In a short time vesicles about the size of the pin appear in the mouth at the end of the tongue, on the inside of the cheeks, and on the gums. These vesicles contain a yellowish watery fluid. They spread as the disease advances and cause the animal to open and shut its mouth uneasily with a characteristic smacking sound. A day or two after the first appearance of the eruptions in the mouth similar indications appear upon the feet, which are swollen, red and tender. Because of this the animal frequently persists in lying down and bedsores develop with much rapidity. In the case of cows the udder and, more frequently, the teats are affected by a similar eruption.

Once the disease is well established it becomes so painful for the animal to eat that food is frequently refused altogether. Strings of saliva hang from the mouth, and flesh is lost with astonishing rapidity. When the animal is seriously affected and many cases serious contamination and many cases serious results. In mild cases from 10 to 20 days may bring about an apparent recovery, but this time may be greatly extended. Moreover, an apparent recovery by no means implies a real cure. The animal may carry the virus in its blood for a year or more and is liable during all this time to spread the contagion or to experience a recurrence. itself.

The mortality considering the seriousness of the disease and the losses it occasions, is very small, being estimated by some authorities at 5 per cent, although it frequently is much greater than this. The mortality, however, by no means represents the real losses occasioned by infected herds, and in the case of dairymen an outbreak of foot and mouth disease frequently means that their business is completely ruined. Blooded or other cattle that have become sick with the disease naturally lose their value as breeding animals. It is, however, impossible to get rid of the disease by ignoring it. The only possible remedy is to kill off infected herds, disinfect the premises, and begin over again.

What the disease means to those countries where it has gained a real grip is shown by the fact that on its last serious outbreak in Germany the German Government spent \$2,000,000 in fighting it. In 1899 official statistics showed that in the German Empire 431,235 head of cattle, 230,868 sheep and goats, and 152,808 swine were affected with the disease. During the same year the pestilence ravaged live stock in France, Italy, Belgium, Austria-Hungary, Switzerland, Roumania and Bulgaria. In 1883 it was estimated that the disease cost England \$50,000,000. On the occasion of the last outbreak in the United States in 1905 \$300,000 was appropriated by Congress, and with the exception of a few hundred dollars it was pent in stamping out the disease. This of course does not include the indirect loss caused by the interruption of business and other factors.

While the Federal Government is active in fighting the disease through its power to control interstate commerce, co-operation on the part of the State authorities is most essential. The quarantining individually of infected farms is a State matter, and it is, of course, a most essential precaution. Farms on which the disease has broken out should be as rigidly quarantined as if some contagious human disease had been found. Since the germs can be transported by cats, dogs, chickens, or human beings, nothing should be allowed to leave the farm until the proper disinfecting measures have been taken. In particular, farmers are urged to keep away themselves, and to insist in keeping others away, from all infected animals. The inspectors who do the slaughtering and disinfecting are supplied with the necessary equipment of rubber gloves, coats, boots, and hats, which can be thoroughly disinfected as often as necessary. Others who lack this equipment merely help in spreading the disease over the country when they visit or inspect sick animals.

## It Really Does Relieve Rheumatism.

Everybody who is afflicted with Rheumatism in any form should by all means keep a bottle of Sloan's Liniment on hand. The minute you feel pain or soreness in a joint or muscle, bathe it with Sloan's Liniment. Do not rub it. Sloan's penetrates almost immediately right to the seat of pain, relieving the hot, tender, swollen feeling and making the part easy and comfortable. Get a bottle of Sloan's Liniment for 25 cents of any druggist and have it in the house—against colds, sore and swollen joints, rheumatism, neuralgia, sciatica and like ailments. Your money back if not satisfied, but it does give almost instant relief.

## Only Sure Corn Cure Ever Known

"GETS-IT" the New Way, 2 Drops Do It To endure the pains and tortures caused by a little thing like a corn is ridiculous, simply because it is unnecessary. The new-plan corn cure.

Use "GETS-IT" for Corns and You Won't "Holler" When You Put on Your Shoes.

"GETS-IT" is the first one ever known to remove corns without pain, without pain and without trouble. This is why it is the biggest-selling corn cure in existence today. It is now used by millions, because it does away with sticky tape, with plaster and cotton ruffs that shift their position and press down onto the corn, with salves that "raw up" the toe, with "harnesses" that cause pressure and pain, with knives, razors and files, clawing and pulling at a corn. "GETS-IT" is applied in two seconds. Two drops applied with the glass rod do the work. Pain goes, the corn shrivels, vanishes. Accidents, callus or bunions tonight.

"GETS-IT" is sold by druggists everywhere, 25c a bottle, or sent direct by E. Lawrence & Co., Chicago. "GETS-IT" is sold in Louisa by LOUISA DRUG COMPANY and J. H. REYNOLDS.

## 1915 Will Be Fine Year for Poultry Raisers

OWNERS OF BREEDERS AND GOOD LAYERS WILL REAP BIG HARVEST.

(By Reese V. Hicks.)

The spring of 1914 was noted for low fertility of eggs and poor hatches. The poultry raiser who got a good hatch was the exception. A large part of the country was swept over by a blizzard early in March and this put the mated birds on breeding condition until a month later. As a result, it was necessary for the majority of poultry raisers to hatch out more than the usual number of chicks in May and June.

Usually, May and June chicks, when given plenty of shade and a little extra care, will mature into fine specimens. In the eastern part of the United States 1914 brought extra dry weather in May and early June, which made these late hatches weak and of slow growth. Then, suddenly, in July the weather became damp and rainy. In the Middle West favorable weather came early and later it turned hot and dry. These sudden changes in weather conditions acted very unfavorably on the growing stock. In the East the weakened birds, owing to the dampness, did not thrive so well, while the extra heat in the West checked the growth of those that had been thriving in the cool June days. Owing to these conditions the market was filled with poorly developed broilers in August and September. As a result prices were slightly depressed during July and August, yet they held up better than a year ago.

## Caused Low Prices.

This late grown stock came into the market late in September and early part of October, when young fowls reached low prices, much lower than they usually are in June. However, as the poultry raisers were compelled to market a good portion of their late-hatched stock, owing to slow growth and late development, this caused a shortage of choice birds for raising stock next year and for the production of eggs for market. This, further, means that the poultryman who has a

## Santa Claus

won't know where to do his shopping unless you tell him you can supply many of his needs. Get wise, Mr. Merchant, advertise in this paper NOW and tell him of your stock of goods.

well developed lot of nice cockerels or pullets is going to have a good demand for them for breeding purposes. It also means that the man who has a choice flock of hens ready to lay in December, January and February will receive unheard-of prices for his eggs during this same period.

Why is this strong statement made? What proof can be adduced to back it up? One indication may be cited: that the poultry show season will have more towns holding shows than were held in any year in the past. The poultry judges all report more calls for show dates than in any previous year. The poultry papers are all publishing longer lists of shows than ever before.

## Better Prices for Breeders.

Poultrymen all over the country reporting more inquiries for better prices are being paid for males and females for breeding purposes, while the demand for birds for exhibition purposes is far ahead of any previous year.

As a sample, one prominent advertiser reports for the month of September double the number of inquiries for stock over those received a year ago, and this with less advertising being run during the past two months than in the same months in 1913. Another pointer: The quotations for large white, new-laid eggs in New York City, the largest and highest priced egg market in the world, show an excess on an average of 3 cents a dozen above those of 1913. September is not the highest-price month for fresh eggs, either. It is October and November usually when eggs reach their highest market price. These high prices of eggs have attracted more people, and will continue to attract more people during the coming season to the business of eggs farming as a paying commercial proposition.

As an evidence of this it may be cited that all manufacturers of incubators, brooders and poultry supplies are reporting increased inquiries and demands for their goods. There is no doubt that the high price of eggs and poultry will cause men who have the time and inclination to turn to the poultry business. It is a fact, too, that in some industries there are many unemployed and these people are ready recruits to the poultry industry.

It is cited by old timers that the best year in poultry history followed the panic of 1907, as people who are trying to board their finances and working in every way to make both ends meet will put a few chickens in their back yards to eat the table scraps and thus cut down the cost of living. It is easy and requires comparatively little experience or money to make a small start with a few fowls in one's back yard. There will be hundreds of new raisers of poultry in all our smaller towns and suburban cities during the next six months.

## War Will Increase Prices.

No mention has yet been made of an important factor in keeping up the price of eggs and poultry, namely, the great European war. It is doubtful if this war has thus far had much effect in increasing the price of eggs, except as it has increased the price of all food products, as the cause for the increase in price is really the shortage in production, caused by fewer females being raised during the past season than in previous years. Undoubtedly as the European war goes on it will have a marked effect on all food prices, and eggs and poultry will prove no exception. As meats climb higher eggs and poultry will climb with them, because people are beginning more and more to realize that eggs and poultry are not only healthy, but the most economical meat foods in the world.

The reason for this is that dressed fowls, selling now in New York market at from 20 to 25 cents a pound, contain more meat and food value than beefsteaks at 30 to 40 cents a pound. The European war will remove all danger of competition from foreign eggs and poultry products, as these will be demanded at home. In fact many optimists believe that American eggs will be exported and American dressed fowls, in cold storage, will go to the warring nations. As a large area of the country will be devastated by the war, all fowls there will be destroyed as also the accommodations for raising them, and no doubt these optimists have good ground for their expectations. The development in the next few months of a good American merchant marine will undoubtedly help to accomplish this end.

## Grain Prices Now Steadier.

Some pessimist may fear that the increased price of grain will affect the cost of production of eggs and poultry, but a careful comparison of the increased price of poultry feeds, such as bran, oats, middlings, etc., will show that these have increased not over 10 per cent above normal, while eggs and poultry products are from 15 to 20 per cent above the usual prices. It is true that at one time there was a decided flurry in the price of wheat, but with the re-establishment of normal shipping conditions when the dropped barrel will remain steady at very little above normal price.

In view of all the above it may be safely asserted that the poultry business for 1915 will boom as never before in its history, and this is a strong statement, for the poultry business has been growing wonderfully in the past ten years.

## LETCHER COUNTY AND WHITESBURG.

### What is Happening in this Rich Coal Territory of Kentucky.

Whitesburg, Ky., Nov. 17.—It is announced here that a special term of the Letcher Circuit Court is to be held here in December when the greatly congested docket of civil and penal cases, coal and timber land litigations, damage suits, etc., will be disposed of. It is hoped that the docket can be cleared. Judge J. M. Roberson is determined to clear the docket at all odds. The special term would have been held in this month had it not been for the vote traffic probe in Pike county, which is going to consume most of the present month.

Whitesburg is undergoing many splendid changes for its betterment lately. Just now a vast amount of street improvement, street grading, laying down of concrete sidewalks, etc., is going on; while some of the most pretentious business blocks in the mountains are now complete. These include the pretty First National Bank building, which cost nearly \$45,000 to complete. This is said to be by far the best building this side of Winchester. There is the D. D. Fields and the Ira Fields buildings, all on Main street, and they would do justice to a city of 15,000. J. H. Frazier is building a fine store building, also, on Main street. All this is in keeping with the push and progress that really belongs to Whitesburg—destined to become the best town in the mountains.

Advices from Los Angeles, Cal., bring the sad intelligence to relatives here of the death of little Robert Webb, Jr., aged 12, of diphtheria, after two days illness. He was a nephew of N. M. Webb, postmaster here, and W. B. Webb, manager of the Mountain Eagle, and his death caused much sorrow. The remains were sent to Montgomery, Mo. his former home, for interment.

News by telephone from Mater says J. Mat Webb, formerly of Mayking, was thrown from a horse late yesterday afternoon and seriously, if not fatally, wounded. He was riding horse back toward Fleming when the accident occurred.

"Aunt Betty Ann" Webb, aged about 80, of Mayking, still lies dangerously low and her many relatives and friends are at her bedside. Aunt Betty fell several months ago and broke her arm to pieces, otherwise severely injuring her. She is not expected to live many days more.

E. Milt Webb and Lydia Webb arrived from Portland, Tenn., to be with their mother, Aunt Betty Ann Webb, at Mayking.

The annual inspection of the Letcher County Company National Guard was held here Saturday and Monday, the inspection having been made by Sergeant Ulington of the regular army. All the boys were on hand and made a good showing.

While at work in the Mountain Eagle office here Saturday W. B. Webb received some painful injuries, which will disable him for several days. He got three fingers caught in a job press and considerably bruised up.

"Truly a Forward Movement."

Under this caption the Courier-Journal says in part as follows:

"The time will come when the name of Mrs. Cora Wilson Stewart, originator of the moonlight school, will be greater in Kentucky, and nationally, than the names of a score of self-seeking 'statesmen' who cater for votes and aim at office by making sky-scraping flights of oratory about the grandeur of the State and the excellence of the people. The women who are to secure the funds to give vitality to Mrs. Stewart's educational plan in every county in the State have undertaken a task which must succeed. They are asking for donations which will be more profitable to the donors than any other use of similar sums could be. The response to their solicitation should be sufficiently prompt and cordial to advertise far and wide the willingness of the enlightened and well-to-do citizens of Kentucky longer to tolerate the conditions which have injured the State, no less in purse than in reputation, for generations while many other States, with no richer resources, have forged ahead of Kentucky."

"A prompt, complete response to the Woman's Forward Movement will be worth more to Kentucky, immediately, as advertising, than the sum for which a request is made. Failure to respond would damage the State far more than a dozen times the sum requested. By the manner in which the request is met Kentucky will declare whether her richer section is awake or asleep, progressive or unprogressive, educated and enlightened or merely able to read or write, liberal or miserly, far-sighted or short-sighted, willing to give dimes to make dollars or determined to save dimes even at a loss in dollars."

"Surely the answer will be for progress. Help to make it a ringing one."

On Friday, Dec. 4, the annual Christmas bazaar will be held in the parlors of the Presbyterian Church under the supervision of the Ladies Aid Society of the church.

This is a feature of the holiday season that should attract widespread attention. Many articles that would make suitable presents, such as fancy work, etc., will be on display, and the public patronage will be appreciated, as the proceeds will go in aid of the church maintenance fund.

CAPT. RICHARDSON FETED.

Capt. Charles Richardson, C. & O. conductor of Ashland, was the guest of honor at a six o'clock dinner given for him by nineteen of his friends, all of whom are Knights of the Grip working in the Sandy Valley. The dinner was given at the Pike hotel, and the well-laden dining tables contained many delicacies and Thanksgiving turkey, excellently prepared. Major William Selitz was toastmaster, and as a particular friend of Capt. Richardson he expressed in a well-worded toast the sincere wishes of the traveling men, and his remarks were supplemented with several other apt toasts, to all of which the Captain responded most cordially.

A more enjoyable feast has rarely been spread in Pikeville.

## PIKE COUNTY NEWS

### COURT AND JURY ADJOURN.

An 8-weeks session of the Circuit Court and grand jury closed with adjournment last Saturday at noon.

This was perhaps the most remarkable term of court ever held in Pike county. Several special investigations were carried on by the jury, and in the probe into charges of election bribery more than 1100 indictments were made.

This is the beginning of a long-standing practice of political corruption practiced by all parties indiscriminately in this county for years. The next step will be the prosecution of these charges, which are expected to come before a special term of the court in December.

A number of local officials were reported to the jury as having accepted railway passes, but prosecuting attorney Monroe Fields declined to draw the indictments made by the jury, on the ground that the jury, on the indictment, and not indictment, is the proper method of prosecuting these misdoings.

As the equity docket was not tried at this term of the court, it is expected that the court will reconvene at the close of this month to take up the trial of the equity cases, which will require about two weeks.

DIED IN SLEEP.

John Coleman, 25, single, who had been employed on the farm of relatives near Marrowbone, was found dead in his bed last Friday morning on the farm. An inquiry into the cause of his death revealed no cause, but he had been frequently subjected to attacks of heart failure during his life. It was supposed that this was the direct cause of his sudden death. He died at the home of Jack Coleman.

FULTON BOOSE HURT.

Fulton Boose, coal dealer of Ferguson creek, fell from the high wall in front of the Pike hotel last Sunday evening and received serious bruises about the right shoulder and side of the head. He received immediate surgical attention and is now improved.

PREPARING FOR TRAFFIC.

The C. & O. from Dante, Va., through the Breakers of the Cumberland to Elkhorn City, Ky., is now practically finished, and 85-pound steel has been laid the entire length of the road. The grade for this new route is said to be the most perfect in the country. It is 40 miles in length, with mostly a rock foundation and 21 tunnels, and was constructed at an approximate cost of \$5,000,000. The Sandy Ridge tunnel, the longest on the route, is one and two-thirds miles in length, and several other areas as much as half-a-mile in length. Temporary arches have been constructed of timbers through all these tunnels, and this temporary work will be replaced with concrete arches through all of them before the road is thrown open for traffic.

This new railway will supply a shorter route by some 300 miles between Chicago and the Great Lakes on the north and the Atlantic seaboard on the south, and in preparation for the heavy traffic that will pour through the Sandy Valley the C. & O. is replacing old bridges with much stronger new ones. A bridge crew is now engaged in putting in the piers for the new bridge at Elkhorn City. This bridge will not be finished before spring, and others along the course of the river will also be finished by that time.

JUST "ROLLED IN."

Commenting on the recent election of C. B. Slomp to Congress, the Letcher County Moon of Clinton, Va., says he didn't have to run. "Just laid down and rolled in," Slomp was the Republican candidate for reelection.

GRANT REVIVAL COMING.

The Revs. O. H. Callis and Kenton H. Byrd, evangelists, will begin a series of evangelistic meetings at the M. E. Church South Sunday evening, Nov. 22nd.

A very successful meeting has been in progress here and under the excellent leadership of Rev. Road Shaw, who is now engaged in a meeting at Greenup. Rev. Mr. Byrd is a preacher of great ability, and has recently been engaged in evangelistic work in Maine. Rev. Callis is skilled choir director as well as a preacher, and good music will be one of the outstanding features of the series of meetings, the choir having been in special training for sometime for this purpose.

The evangelists will be aided by the pastor, Rev. I. N. Fannin, and as a great and successful religious movement is expected to crown the efforts of these young evangelists in Pikeville, the series will continue indefinitely.

The first services begin at the M. E. Church, South Sunday morning, and all are cordially invited to attend.

CHRISTMAS BAZAAR.
